

POWERING HEALTHCARE FOR THE DIGITAL AGE

# ENTERPRISE TECHNOLOGY FOR DENTAL PLANS

Industry-leading SaaS platform bringing innovation to dental payers in the digital age

Technology hasn't just changed the way dentists deliver care. It is also bringing new levels of efficiency to dental payers, helping them reduce costs while ensuring a better provider and member experience.

To remain competitive in the industry, it's crucial for dental payers to have technology that positions them to succeed in the digital age. That's where SKYGEN USA's Enterprise System, our Software as a Service (SaaS) platform for dental benefit administration, can help payers future-proof their dental market and achieve substantial savings in benefit costs.

SKYGEN USA's Enterprise System is comprised of a relational database with more than 40 modules, each designed for a specific benefit administration process, resulting in greater automation, efficiency and effectiveness in managing specialty benefits.
