Powering Transformation Awards

Powering Transformation – Administration

Cypress Dental was the very first commercial adopter of SKYGEN's Broker/Producer Portal. They have been instrumental in the success of the Producer Portal and have enhanced the Cypress sales and support team for new sales and client retention.

Powering Transformation – Automation

The Unum team has been able to significantly improve various aspects of claims processing and provider contracting since implementation of our SaaS platform.

Powering Transformation – Connectivity

UnitedHealthcare[®]

DENTAL

UHC are pioneers in the implementation of Dental Hub with the goals of improving the provider experience and enjoying the benefits of the new collaborative and regulatory features included in the Dental Hub.

Powering Transformation – Analytics

The implementation of products across the Medicare Advantage program has allowed for a comprehensive approach to identifying network issues, recognizing cost-saving opportunities, identifying gaps in clients' business rule sets, all resulting in significant savings.
